Promise of quality

Gone with the wind? No way!

The GUARDI garden shed has been put to the acid test in the most state-of-the-art climatic wind tunnel in Europe. It withstood every wind and weather condition.

The key data of the hardness test:

- 130 km/h hurricane-like gusts of wind
- -40°C to +50°C
- Rain, sleet, snowstorm

The result: absolutely invincible!
